So half of my bowels is still suspect I suppose.

It's not clear to me if using the product they mention on a long term basis would pose much risk of harm, but you'd essentially be a guinea pig for this sort of application.

In 1998 there were over 56 million new prescriptions written for Hydrocodone products and by 2000 there were over 89 million.

Importantly, this study will help the visually impaired, said Jeffrey Scherrer, Ph.D.
